1. Your actual savings from enrolling in a vision plan will depend on various factors, including the plan chosen, plan premiums, number of visits to an eye care professional by your family per year, and the cost of services and materials received. Be sure to review the Schedule of Benefits for your plan's specific benefits and other important details.
2. Lens enhancements are available at participating private practices. Pricing is subject to change without notice. Please check with your provider for details and availability prior to receiving services. Additional discounts may not be available in certain states or at certain retail locations.
3. Discount off retail. Not all providers participate in vision program discounts, including the member out-of-pocket features. Call your provider prior to scheduling an appointment to confirm if the discount and member out-of-pocket features are offered at that location. Discounts and member out-of-pocket are not insurance and subject to change without notice.
